

CONTEXT

In Morocco, homelessness and hunger are critical issues that grow as cities expand. The most vulnerable groups are often left without support. Fundraising and donations are no longer enough; we need innovative solutions that unite communities for real change.

JOOD kitchen will provide businesses with the delicious meals and homeless people with jobs at the same time, to support this big issue overall and make big changes in the country.

OBJECTIVE

To awake **social responsibility** in the corporate society and make it **prestigious** to be a part of this great change such as eliminating the problem of poverty in Morocco.

INSIGHT

Tradition of sharing meal from a large plate, where each person eats only from their portion. Sharing food from one plate symbolises everyone's role in supporting those in need, uniting communities, and inspiring collective action for positive change.

STRATEGY

Instead of merely asking for donations to businesses, we offer **a unique membership experience**, authorised by **the King**, making it prestigious and desirable.

This membership highlights social responsibility and enhances their corporate image. By joining, businesses can actively participate in empowering homeless people while benefiting from exclusive networking opportunities. The result is a powerful alliance that drives meaningful change in society.

BIG IDEA

Create 'one plate society', community in which, members will be authorised by the king of Morocco.

HOW

Host a high-profile **event where the King of Morocco** shares a meal from one large plate with business leaders to symbolise unity and shared responsibility. Use Morocco's tradition of communal dining to create a "**One Plate Society**" focused on fighting homelessness and hunger through collective action and support. As soon as they purchase something from **JOOD kitchen** mails with appreciation letters will be sent, with the **king stump**.

#ONEPLATESOCIETY

MAROC TELECOM

One Plate Society Membership

We are honored to extend our heartfelt appreciation to Maroc Telecom, for your invaluable support and commitment to the One Plate Society.

By joining hands with us, you are playing a crucial role in empowering those in need and fostering sustainable change within our community. Your support helps provide nourishing meals cooked by individuals who are overcoming challenges, creating a cycle of hope and opportunity.

Take your portion of future

#ONEPLATESOCIETY
YOUR PORTION OF FUTURE

LAUNCH CAMPAIGN - OCTOBER

Dinner with the King: Host a high-profile event where the King of Morocco shares a meal with business leaders to symbolize unity and shared responsibility.

Merchandise for Workers: Provide plate shaped lunch boxes with a key message and QR code linking to a registration page to join the One Plate Society.

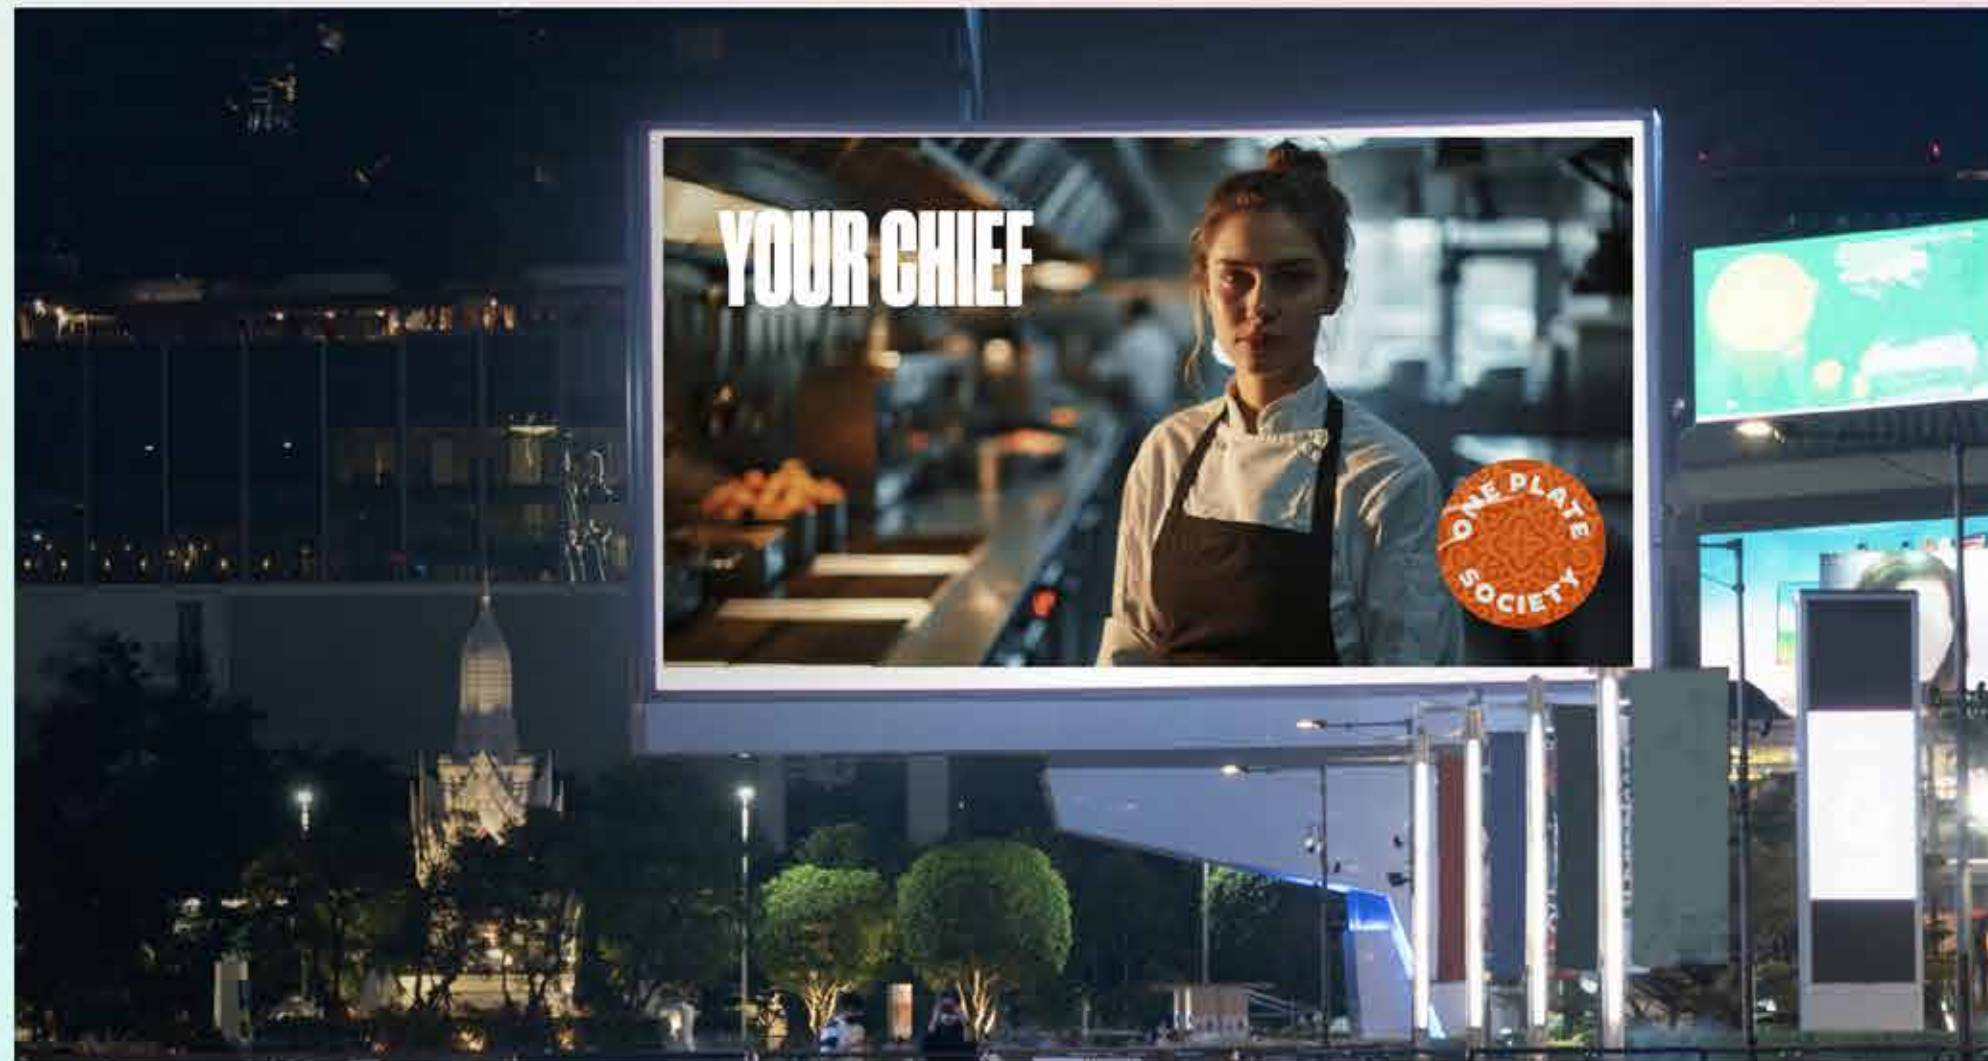

Membership letters: Email certificates to participating companies, recognizing their support and involving CEOs, marketing managers, and CSR departments

STEP 2 - NOVEMBER
